

Dear colleague;

I am writing to you concerning a request for a Teaching/Training Assignment mobility at your university. I am interested in coming to your university within the frame of the Erasmus programme in order to teach a course or to hold a lecture on the following topics: Human resource management, Labor relations management, Strategic management (in public sector), Performance management, Public Administration.

The period, I would prefer if it is also convenient for you, would be either 18-24 February 2020 or 25 February -3 March 2020

I kindly ask you to tell me if it is necessary to be in touch with one of your professors to discuss further details.

Looking forward to receiving your answer,

Best regards.
