

STUDY AT FIRAT UNIVERSITY 2023

GUIDE FOR INTERNATIONAL STUDENTS

Dear international students,

Welcome to Elazığ, welcome to Fırat University!

As an exchange student we hope you will have the time of your life here, in our big family. This guide was designed to be a support document during your adaptation period and to answer some of the question marks you have on your mind related to how your life is going to be from now on.

We are very glad that you have chosen our university and we wish you success. In the frame of a new culture we assure you that you will have unforgettable moments!

Firat University - IRO

FIRAT UNIVERSITY

Firat University, which has a deep-rooted history, started its educational services in Elazığ, a city with cultural richness. Then, it has become a Higher Education Institution that contributes significantly to the progress of higher education in the Eastern and Southeastern Anatolia Region.

Being at its basis an university with technical profile, Firat University is currently one of the best institution in Türkiye in the field of technology and engineering.

Research University programme considers the performances of the universities in the Performance Monitoring Index that is evaluated within the scope of 32 indicators under the headings of "Research Capacity", "Research Quality" and "Interaction and Cooperation". Firat University is selected as a Research University in 2022.

PROGRAMME OFFER AND STUDY OPTIONS

ERASMUS+ Exchange Students

APPLICATION

For being an Erasmus+ exchange student at Firat University, first of all you should be nominated by your home university. Further on you will receive an official email from Erasmus+ Office sides with all the necessary steps you have to complete. For more details you may visit the Erasmus+ page: dib.firat.edu.tr

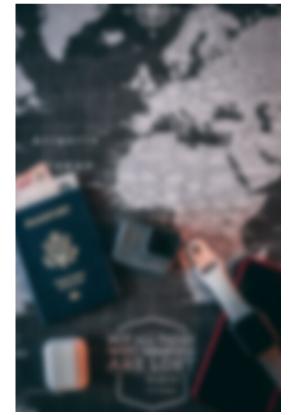

VISA FORMALITIES

As Türkiye is not part of the European Union you need to have a Passport and to apply for a Visa before coming to Elazığ. Each country has different procedures and you should contact the Embassy of Türkiye in your country in order to find out details about the application process you need to accomplish. For some countries, based on some political agreements, no Visa is required. After your arrival, you will need to apply for a Permit of Residence, which has different fees, depending on your Visa situation.

ACCIDENTAL AND HEALTH INSURANCE

Every incoming Erasmus+ International student should have a health and accident insurance before arriving.

GUAGE

The International Office of Fırat University does not request a language certificate from the incoming students.

For Erasmus+ exchange students the minimum level recommended is B1. We consider the nomination made by your university as proof of your knowledge and as a certification of your ability to follow courses in a foreign language.

66

LANGUAGE IS THE ROAD MAP OF A CULTURE. IT TELLS YOU WHERE ITS PEOPLE COME FROM AND WHERE THEY ARE GOING. – RITA MAE BROWN.

PROGRAMME OFFER AND STUDY OPTIONS

FACULTY OF EDUCATION

>>>> FACULTY OF EDUCATION

Faculty of Education started its activity in 1998 but its first independent building was opened in 2005-2006 academic year, followed by a second one in 2007-2008 academic year.

According to the statistics, there are approximatively 2900 students, for all levels of instruction and a total of 89 academic staff. The staff of Faculty of Education is involved every year in new projects, attends conferences, symposiums, seminars and hosts scientific events recognized worldwide.

According to a research conducted by Middle East Technical University (Ankara, Türkiye) in 2015, Faculty of Education of Fırat University was evaluated as the 6th in Türkiye and the 692nd in the world, in terms of academic services quality.

Faculty of Education has 7 departments:

- Computer and Instructional Technologies
- Educational Sciences
- Fine Arts
- Elementary Education
- Science and Mathematics Teaching
- Secondary Education Social Science Teaching
- Turkish Teaching

FACULTY OF ENGINEERING

>>>> FACULTY OF ENGINEERING

The main aim of the Faculty of Engineering is to offer to its students by the help of its academicians and administrative staff, education at high and international standards.

Firat University is one of the best in terms of Engineering and Technology. The students are prepared as specialists by being taught with the most innovative teaching methods.

Currently Faculty of Engineering has departments as:

- Computer Engineering
- Bioengineering
- Environmental Engineering
- Electrical and Electronic Engineering
- Civil Engineering
- Geology Engineering
- Chemical Engineering
- Mechanical Engineering
- Mechatronics Engineering
- Metallurgy and Materials Engineering
- Software Engineering

FACULTY OF TECHNOLOGY

SP 13000

0

INGINE REBUILD DIME

0

>>>> FACULTY OF TECHNOLOGY

TThe studies that can be followed at this faculty last for 4 years. In the first two years all the students follow the courses related to the basis of engineering.

For the following two years of study, the students will be able to choose their specialization. What makes this faculty different from the others is the fact that in the students' curriculum it is stated that they should receive at least 1 year of practical education.

Faculty of Technology has departments as:

- Forensic and Digits Engineering
- Electrical and Electronics Engineering
- Energy Systems Engineering
- Civil Engineering
- Mechanical Engineering
- Mechatronics Engineering
- Metallurgy and Materials Engineering
- Automotive Engineering
- Software Engineering
- Digital Forensics

FACULTY OF SCIENCE

>>>> FACULTY OF SCIENCE

Faculty of Science was established in April 1975. The first departments to be opened were Biology, Physics, Physics Engineering, Statistics, Chemistry, Chemical Engineering, Geology Engineering and Mathematics.

In the base of a law promulgated in 1982, Faculty of Science became Faculty of Sciences and Letters. The department of Physic Engineering was closed and the departments of Chemical Engineering and Geology Engineering became part of the Faculty of Engineering. The actual name of the establishment is Faculty of Science.

Faculty of Science has 5 departments:

- Biology
- Physics
- Chemistry
- Mathematics
- Statistics

FACULTY OF MEDICINE

E LI

UT

Torna A

2

12:20

>>> FACULTY OF MEDICINE

Faculty of Medicine was established 32 years ago. This faculty is always in a development process, being in the same time one of the most important health research centers in the eastern Türkiye.

The hospital, which belongs to the university has around 55 departments where intense care is provided.

Academicians of Faculty of Medicine are continuously researching and participating at conferences and symposiums in order to support innovation.

Beside the medical knowledge that the students acquire during their studies, they are also taught to fulfill the needs of their future patients in terms of social, psychological and personal weakness.

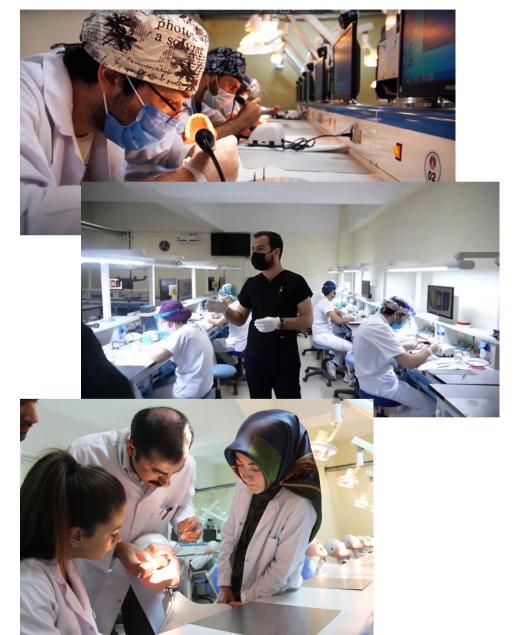

FACULTY OF DENTISTRY

>>> FACULTY OF DENTISTRY

The Faculty of Dentistry enrolled for the first time students in the academic year 2015-2016. The objective of the staff and academicians of this department is to transform the faculty in a very important one at national and international level.

The team of academicians working in this department is young and dynamic and has will to improve in a quick and qualitative manner.

An advantage may be considered the fact that the physical conditions for medical care are very suitable, this aspect being proved by taking into consideration the experience of 32 years of Faculty of Medicine.

FACULTY OF VETERINARY MEDICINE

C

>>>> FACULTY OF VETERINARY MEDICINE

Faculty of Veterinary Medicine existed even before the official recognition of the university, being established in 1970 as an independent school. Nowadays this faculty is providing courses at Master and PhD level, with the most modern means and laboratories.

More than 800 students are enrolled in the faculty and 112 academic staff are responsible for the educational activities.

The education offered in the Faculty of Veterinary Medicine of Fırat University, provides to our students the ability to compete with students of other universities in terms of knowledge and career oriented skills.

FACULTY OF HUMANITY AND SOCIAL SCIENCES

>>> FACULTY OF HUMANITY AND SOCIAL SCIENCES

The first official meeting of the Administrative Board of the university was held in 05.12.1975, when it was decided that the first department of the faculty should be Turkish Language and Literature. In the academic year 1976-1977 department of Anthropology was opened.

In 1980 the university decided to open departments as: Archaeology, History of Arts, Geography, Antic Asian Languages, Librarianship, History, Social Sciences and Foreign Languages. In 1990 the department of Geography enrolled for the first time students and in 2005 the department of West Languages and Literatures started its activity with 30 students.

Nowadays, the faculty has eight departments:

- West Languages and Literatures
- Geography
- Contemporary Turkish Dialects and Literatures

- Table Tennis

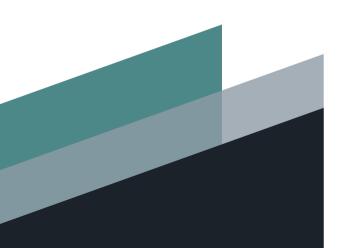

Established in 1984, Firat University Hospital is one of the biggest in the region which provide tertiary health care services.

Firat University provides medical services for students and staff, including consultation and treatment.

PRACTICAL TIPS

One of the reasons Türkiye is famous for is the public transport. There is one bus going all around the campus and going to the center. The price for students is 4 TL.

There are also the so called "Dolmuş", small maxi-taxi which stop everywhere you tell them to. The price for students is 4.5 TL as well.

In order to use public buses, you need to buy a rechargeable "El-Kart" from kiosks and sale points which are provided in most stops in the city center. The card costs 7.50 liras. For daily shopping, you can easily find in Elazığ shops as Bim, Şok, A101 or Migros. The prices are not higher than other european cities. There are also three malls in Elazığ where you could spend your free time.

> Emergency Numbers • Police: Dial 155.

> > Ambulance: Dial 112.

• Fire: Dial 110.

There are several post offices in the city from where you can by stamps or send letters. You are also able to send or receive small packages from abroad if needed by the help of its services.

Other Essential Numbers

- City Code: 0 424
- Elazig Airport: (0424) 255 14 10
- Airport to City Center Transfer Bus: 0850 222 0 487

THE TREASURE OF ANATOLIA

ONCE IN TÜRKİYE HOW TO GET TO ELAZIĞ?

By plane:

* Arrival to Istanbul on Istanbul or Sabiha Gokçen Airport and take a second plane to Elazığ. There are several flights/day from Istanbul. This is the easiest and less tiring way as Elazığ is situated 914 km far from Istanbul.

www.turkishairlines.com www.anadolujet.com www.flypgs.com By train:

* There is a direct train between Istanbul and Elazığ. You may need to change the train several times and the duration for the trip may be longer than one day.

www.tcdd.gov.tr

By bus:

* Everyday there are buses departing from Istanbul with the destination Elazığ. It may be cheaper but you have to be ready to spend around 20 hours on the road.

www.otogar-istanbul.com

Elazig is one of the most prominent cities of Eastern Türkiye with a population of more than half a million. The city neighbors to Malatya, Diyarbakir, Bingol, and Tunceli. The city always been a significant spot in its region throughout history and this rich history dates back 10.000 BC. Now, Elazig is a growing tourism destination in Türkiye with its amazing cultural and historical attractions.

Originally founded as an Ottoman military garrison and administrative centre after the mid-19th century, the city grew rapidly as a result of its favourable location. Modern Elazığ, surrounded by vineyards and orchards, is an important trading centre for the crops and livestock of the area.

Tradition and modernity are mixed in Elazığ. You will have the chance to observe the real Turkish life, in a context not that much tourist oriented, but still with many attractive elements.

Kapalı Bazaar is one of the oldest and most significant commercial centers of the city. You can find dozens of shops that sell authentic Elazig souvenirs. The bazaar is located in the city center.

Elazig is known for its delicious and numerous meatball recipes. Şht. Binbaşı Hasan Sabri Street is famous in Türkiye with its dozens of meatball vendors. Elazig cuisine mostly consists of a variety of meat, pastry and grain products.

Elazig does not have an active nightlife scene but offers plenty of activities without having the frenetic energy of many other big cities.

Local Attractions

Harput is the must-go historical district of Elazig. Harput is located to the south of the Upper Euphrates Division and 7 kilometers from Elazig's city center.

Harput has hosted many civilizations for thousands of years, since the first era, especially Urartu, afterwards Persian, Roman, Byzantine, Seljuks, Emirates and Ottomans embracing many different dynetics with tolerance. One of the best examples of this is the Virgin Mary Church which is still active today. The Mother Mary's Church, Harput, is located south of the inner road leading to the shrine under the eastern fortification walls. The church is one of the oldest Christian churches in Anatolia, and the year of construction is shown as M.S 179.

Another important cultural asset of Harput is Harput Ulu Mosque built in the 12th century. Today, worship is still open.

The city of Elazığ was built at the bottom of the Harput Hill due to the fact that in winter time the access was very difficult.

For similar reasons, during the construction of the Harput Castle, the resources of water were very reduced. The legend tells that instead of water, people used milk while preparing the concrete.

The Castle is very well preserved and it can be always visited. In Harput you can find a Museums as well and many places where you can walk and have barbeque, while admiring an amazing view. Moreover, authentic music night called "Harput Kürsübaşı Geceleri" organized every week and is open to visitors.

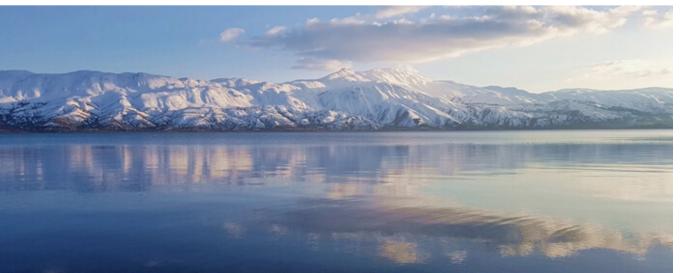

HAZAR LAKE

Elazığ is similar to an island, being surrounded by lakes. Hazar Lake is one of them and is situated at the bottom of Hazar Mountain (a very important ski resort of the region).

Moreover, Hazar Lake is the renowned natural beauty and the center of water sports of the city and not only. Besides restaurants there are amazing camping sites around the lake where you can have barbeque, swim, rent a hydro-bicycle and enjoy time with your friends in the middle of the nature.

Many nice and picturesque villages are along this lake, offering to the visitors a great taste of antique Turkish life.

Hazar Lake is located 26 kilometers away from the city center.

KEBAN DAM

Keban Barrage Lake is the second largest artificial lake in Türkiye. The lake offers amazing sceneries to its visitors and has many recreational activities such as fishing and dining.

Few kilometres away from the dam, you can admire a small but nice waterfall called ÇırÇır. In the same place you can find a very good restaurant where you can chose from many kind of fish based meals.

Keban district is 45 kilometers away from the city center.

Keban Dam is one of the most important dams in Türkiye, as it produces a high rate of the total electric energy of the country.

The place is very interesting especially for the amazing views and for the electrical equipments that can be seen.

...AND MANY OTHER PLACES WITH IT'S LEGENDS SORROUNDING THE CITY AWAITS IN ORDER TO BE DISCOVERED BY YOU.
